

I ♥ Math!

Don't forget to attend **Math Night, Thursday, February 2 at 6:00**. The theme is, " I Love Math" and the math curriculum group has created a variety of hands on activities that explore shapes, sorting, counting, and measuring concepts. Please RSVP so we may plan to have enough materials for all families to participate!

Buice Relay for Life Team!

Our Buice Relay for Life Team is "in training" for Gwinnett County's Relay for Life Event in May. Relay For Life is a global event that celebrates the lives of people who have fought cancer, remember those we have lost, and fight back against the disease by raising money for the cause. This year's theme is "Make Cancer Extinct." Currently, our students are submitting artwork related to the theme and one student will be chosen to design our school's Relay for Life shirts. Options to purchase shirts and more ways you can help Buice School fight cancer and reach its goal will be coming soon!

Looking Ahead to Learning...

Our upcoming curriculum units focus on space and Earth. Students will be introduced to the solar system, aspects of day and night, and properties of the Earth. We encourage you to extend the learning at home by looking at the moon and stars together in the evenings and exploring your own outdoor environments. Collect rocks or plants in your backyard or visit a local park. The Gwinnett Environmental and Heritage Center in Buford also offers wonderful opportunities for young children to connect with nature! Visit their website at gwinnetteh.org for more information.

Buice Superstars!

Each week, students throughout the school are recognized for various citizenship and academic achievements. Following class rules, being a good friend, and leaning to sort and count are just a few qualities of a Buice Superstar. Students love the recognition from their teachers and the support from their peers. By the end of the school year, we know every student at Buice will be a Superstar!

Buice Administration

Kim Holland, Principal

Cindy Alverson, Assistant Principal

Shon Hardy, Pre K/Headstart Director

770 271-5060
