

Dear Partee Elementary Community,

Welcome to the 2011-2012 school year. As the Principal of Partee Elementary School, I count it a privilege to be a part of this school community. My greatest initiative is to provide the leadership that will facilitate the best learning in a safe and secure environment for our children. In order to do this, we must work together throughout the school year to give our children the support they need to be successful. Our focus this year is "building on success". As we look back over the 2010-2011 year, we have many success stories about our students and their achievement. However, our work is not done until 100% of our students are not just on grade level, but exceeding the expectations for his/her grade level. We realize how competitive the real world is, so we must prepare our students to have successful futures.

I hope that you will feel welcome as you become involved with your child's progress and school activities. Your communication with us is very important. As a first point of contact, please don't hesitate to contact your child's teacher. Once you have made that contact, please then make contact with an administrator if you need to. If you ever have a question, concern, comment or suggestion, we hope you will not hesitate to share it with us.

I hope that you will take part in your child's education by inquiring about their time spent at school. I encourage you to ask about their teachers and their friends, and monitor your child as he/she completes their homework or seeks your guidance on special projects. Encourage your child to read every night, and please read with him or her. I am confident that your child will demonstrate greater motivation as you continue to show interest in their academic and social experiences. Let's work together to make this an excellent school year in every way.

Thank you for your support. I look forward to working with you and your child.

Respectfully,

LaVern Lynch
Principal
