[PLMSMS6 Sixth Grade Math Tutorial](#) (Admin Access) - eCompanion.NExT

- 4) Please listen to a recording by clicking on the word "here" under the "Welcome" on the homepage of the tutorial (this may take a few minutes to load).

The screenshot shows the homepage of the Sixth Grade Standard Tutorial. On the left is a vertical navigation menu with units: Unit 1: Data Analysis, Unit 2: Number and Operations, Unit 3: Algebra: Equations, Unit 4: Decimals, Unit 5: Number Sense, Unit 6: Fractions, Unit 7: Proportional Reasoning, Unit 8: Scale Factor, Unit 9: 2-D Geometry, Unit 10: Geometry and Measurement, and Unit 11: 3-D Geometry. The main content area is titled "Course Home" and includes an "Announcements" section with an "Expand All" button and a message: "There are no active announcements in this course." Below this is a large blue box with the text "Sixth Grade Standard Tutorial" and "WELCOME" in red. At the bottom of the blue box, it says "To begin the course, please click here." with an arrow pointing to the word "here" which is highlighted in yellow.
