Accountability and flexibility are hallmarks of Gwinnett County Public Schools’ success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the local school principal for more information about the school’s plan and progress.

2010-2011 Long Term Goals and Objectives

**Goal:** Ensure a world-class education for all students by focusing on teaching and learning the Academic Knowledge and Skills (AKS) curriculum

**Objective:** To provide professional learning to increase the knowledge and skills of a diverse staff working with students with disabilities.

**Objective:** Continue to use previously used strategies to maintain state/federal required attendance levels

**Objective:** Maintain high levels of achievement and evaluate student progress through portfolio assessments, electronic data collection and GAA.
