Division of Educational Leadership
Chief School Improvement Specialist
Emmett M. Lawson

Strategic Objectives

- A. To implement a performance culture and attain desired results at system and local school levels through Results Based Evaluation System (RBES).
- B. To ensure that all schools meet the requirements of Adequate Yearly Progress as defined by *No Child Left Behind* (including the elimination of all achievement gaps).
- C. To improve student achievement/performance in all schools by implementing the Gwinnett County AKS Continuous Improvement Model and the Learning Focused School Model.
- D. To provide a safe and secure learning environment for all students by proactively planning for emergency situations.
- E. To improve services to schools by standardizing safety and security operating procedures to ensure effectiveness of prevention and response.
- F. To provide adequate alternative educational programs for all students.
- G. To strengthen our system's student attendance policies and procedures to include data collection practices and appropriate intervention programs to increase student attendance and decrease truancy.
- H. To provide additional opportunities for students to participate in AKS programs by offering more 7th period classes.
- I. To strive for gender equity in athletic program offerings.
- J. To increase student participation within the noncompetitive activities program at both middle and high school levels.
