

Get Ready for Kindergarten...

Students who will attend kindergarten in Fall 2013 must submit two state forms as part of the school registration process—the form that shows evidence of vision, hearing, and dental exams in the past year (a current Georgia Form #3300) and a valid Certificate of Immunization (Georgia Form #3231). Your personal physician or dentist may complete these forms or you may visit one of the local health departments to complete the forms.

See the “Countdown to Kindergarten” brochure or the school system website to learn about what materials you need to bring to Kindergarten Registration on May 2, 2013.
